Circles under box represent a "carousel" function - with the black circle representing where the user is in the carousel. Each "page" in carousel is a photographed image of me.

ABOUT ARTIST

This will act as a page describing my life story, and timeline of other artistic endeavors in relation to life story.

This description for what will be on the artist page will also act as text generation for sample text to decide on an aesthetic,

The big square on the left of this paragraph will be the placement of a picture that acts as a headshot.

This will essentially be my online business card, and the contact form will be attached on this page.

I plan for this to be a big block of text aesthetically designed through CSS.

I only want this body of text to exist on the current placement of page (top-right).

CONTACT ARTIST

Got a question? Business inquiries?

Want to simply say hello?

I'd love to hear from you.

Send a message, and I will reply as soon as possible.

In My Mind Out My Mind

LITERATURE

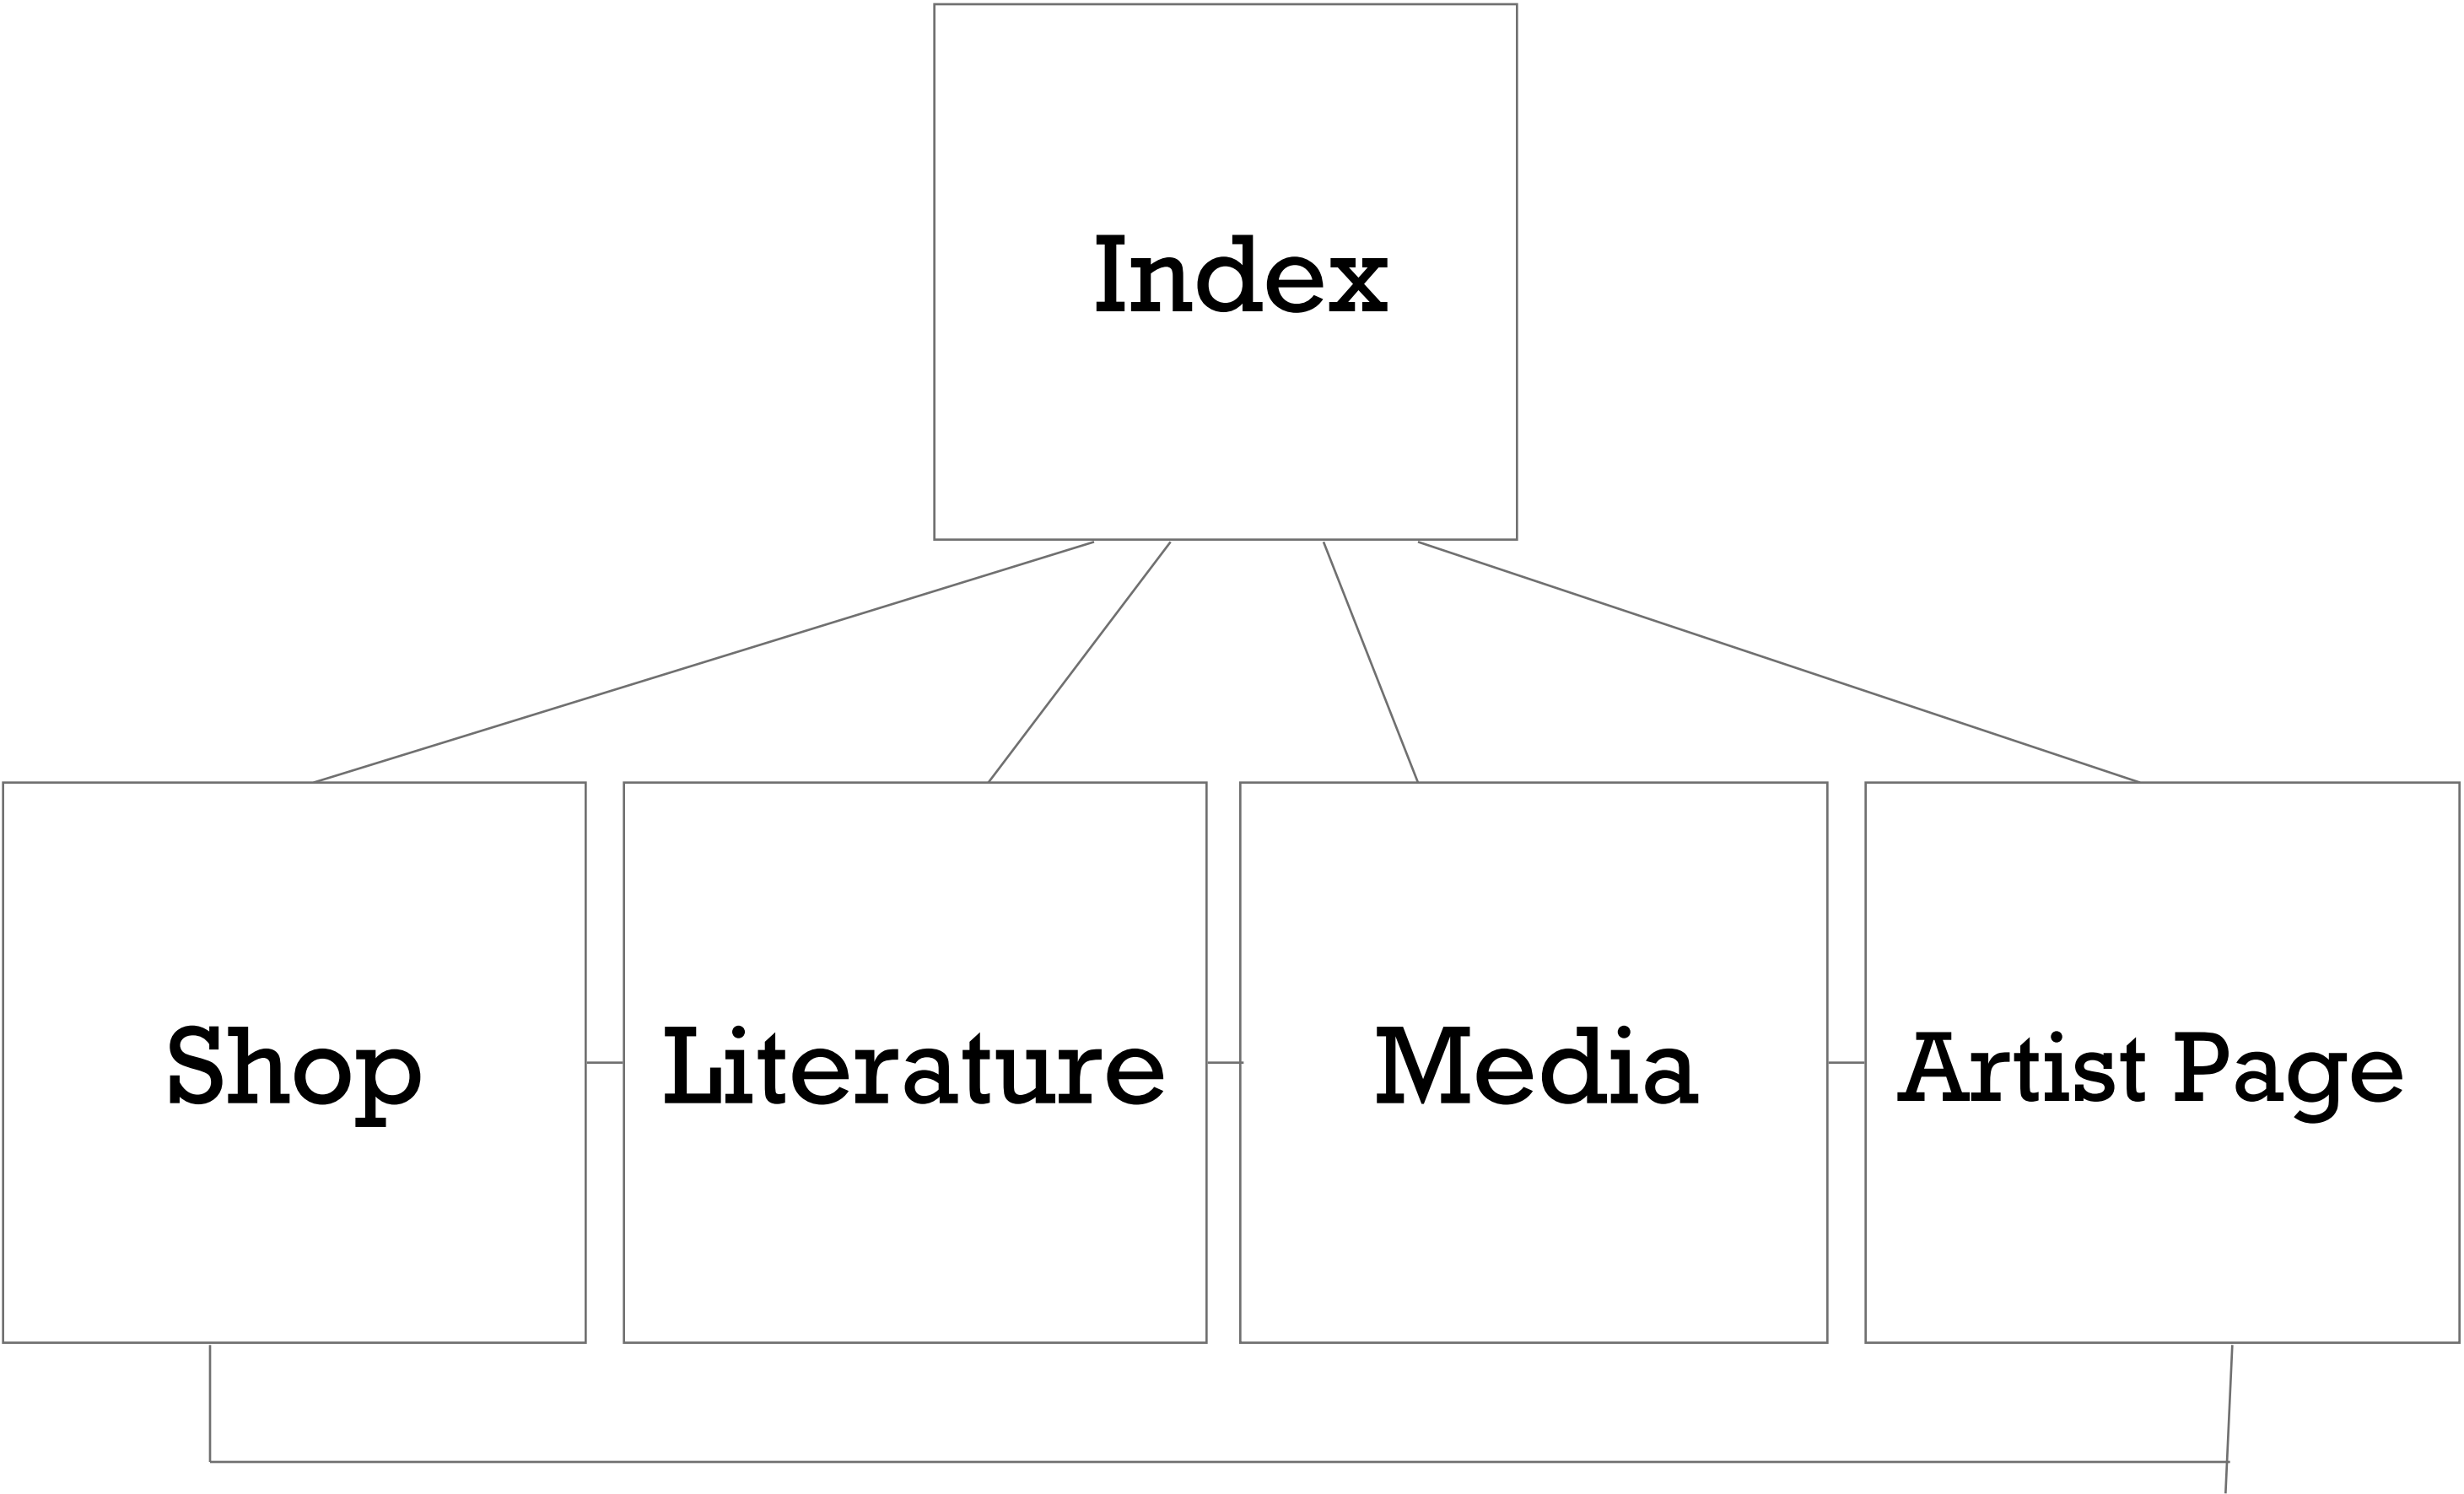

Waves In Nature's Loop

*Placeholder text generation representing the addition of a long text box with scroll function,
The contents of the text box will contain a synopsis of the story.
I want the long text box with scroll function to be fixed, so I am able to add on to this page when I write more books.*
